SUMMARY

Twenty year experienced radio professional specialized in commercial and imaging production. From production manager to consultant, I've produced for all formats in large to major markets, network and syndicated radio. Great energy, friendly disposition and a team player. In addition, I can develop full-stack websites, take stunning photos of events for client recaps, and edit video.

EDUCATION

Certificate - *Full Stack Web Development* | University of Minnesota

DATES AUGUST 2020 – MARCH 2021

Studied the MERN paradigm to design, build, and deploy full-stack, mobile-friendly progressive web applications. Studies in React, Angular, MySQL/NoSQL, and writing servers with Node, Spring and Flask.

EXPERIENCE

Production Manager | Go Media

DATES NOVEMBER 2015 – DECEMBER 2020

Tech-intensive audio production manager responsible for administering broadcast servers and curating content databases. Consult clients on marketing strategies for regional commercial campaigns. Produce spots and imaging for two formats.

Production Consultant | Potato Productions

DATES MARCH 2014 – MARCH 2018

Produced syndicated shows while coordinating IT infrastructure and data distribution for hundreds of client stations. Reboot station imaging for all formats. Produce radio commercials for a multitude of brands and live events.

SKILLS

Adobe Audition, Pro Tools, Ableton Live, Premiere Pro, JavaScript, Web Development, Photography, Videography, Video Editing, Audio Editing, Voice Overs, Commercial Production, Radio Station Imaging, NexGen Automation Software, RCS, Zetta, Podcast Production, Theory.

EXAMPLES

Audio Production

Radio Production Demos - **soundcloud.com/audieotoole**

Collection of various audio demos showcasing imaging and commercial production ability for numerous formats and clients.

Photography

Photography Portfolio - **audie-pics.netlify.app**

Collection of high quality, original photographs taken by me. Ranging from concerts, live sports, to community events, I can make your client's brands look great.

Web Development

E-Commerce Web Store - **happyhippodemo.netlify.app**

Fully functional e-commerce web store built with React, Redux, Commerce.js, Material UI and Stripe for payment processing.

Grubhub Clone Online Ordering - **pizza-2025b.web.app**

Modern online food ordering portal inspired by Grubhub. Built with React and deployed with Firebase, this app lets you add items, customize toppings, edit your shopping cart, and more.

Pac-Man Clone - **pacmaan.netlify.app**

Fully functional clone of the classic video game Pac-Man. Built with Vanilla JS.
